01 / THE ARTIST

# About Me.

Piccaya is a Brussels-based DJ and producer working across Deep Downtempo, Organic House, Melodic Progressive and Minimal House. Earthy textures, global instrumentation, percussion and subtle psychedelic detail give his music an organic pulse.

Each DJ set is built as a story in motion. Energy gathers, shifts and releases in response to the room, the people and the time of day. The result can be introspective, celebratory, or somewhere between the two.

### A SET SHAPED FOR ITS SETTING

From open-air afternoons to deep nights on the dancefloor, the musical direction is discussed with the organiser and adapted to the atmosphere of the event.

02 / KOSMOZOO

# Kosmozoo.

Creative direction, music programming and hands-on production at Nowhere and beyond.

Piccaya founded Kosmozoo and leads the barrio at Nowhere in Spain. With the camp team, he shapes its vision, builds the space, programs the music and coordinates the Monday strike with Leave No Trace in mind.

**30+** **performance slots programmed across five days at Nowhere**

### 01 / CAMP LEADERSHIP

From build to strike, Piccaya works with camp members to make an ambitious programme possible and leave the site clean.

### 02 / BEYOND NOWHERE

Kosmozoo has also put on events in Brussels and Barcelona, a three-day gathering in Belgium, and online DJ programmes.

### 03 / RECORDS & RADIO

Kosmozoo Records releases original music; Piccaya curates and hosts the collective's weekly show on ShoutingFire Radio.
